Kent Mineral Sites Plan
Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30 (KMWLP)

Town and Country Planning (Local Planning) (England) Regulations 2012, Regulation 19

Pre-submission Draft

Guidance notes for making a representation

The Pre-Submission Draft Kent Mineral Sites Plan and Early Partial Review of the KMWLP (the Plans) have been published in order for representations to be made before submission to the Secretary of State for Housing, Communities and Local Government for independent examination. The following notes are to guide you in making a representation, which should be made on the representation form. See the end of this document for details of how to obtain the representation form.

Introduction

In accordance with Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012 (the Regulations), the Plans are published in order for representations on their ‘soundness’ and legal compliance to be made before their submission for independent examination. The Planning and Compulsory Purchase Act 2004 (as amended) (PCPA) states that the purpose of the examination is to consider whether the Plans complied with the legal requirements, including the ‘Duty to Co-operate’, and is sound. The Plans will be examined by an independent Planning Inspector who will take into account the representations received when reaching a decision on the soundness and legality of the Plans.

Legal Compliance and Duty to Co-operate

The Inspector will first check that the Plans meet the legal requirements associated with plan making under s20 (5) (a), and the Duty to Co-operate under s20 (5) (c) of the PCPA, before moving on to the tests of soundness.

Before making a representation on legal compliance, you should consider the legal requirements which include the following:

1 View online: http://www.legislation.gov.uk/uksi/2012/767/contents/made
2 View online at: http://www.legislation.gov.uk/ukpga/2004/5/contents
- A description of the Plans and key stages in their preparation should be included in the Kent County Council (KCC) Local Development Scheme (LDS). If the Plans are not in the current LDS they should not have been published for representations. Publication of the Plans should also be in accordance with the LDS timetable. The LDS is available on the County Council website:\(^3\) at the main KCC offices in Invicta House, Maidstone ME14 1XX and Sessions House, Maidstone ME14 1XQ and at the main libraries and Gateways. See below.

- The process of consultation on the Plans should be in general accordance with KCC’s Statement of Community Involvement (SCI). The SCI sets out the strategy for involving the community in the preparation and revision of Plans and is available on the County Council website:\(^4\).

- Preparation of the Plans should comply with the Regulations. On publication, KCC must publish the documents prescribed in the Regulations, and make them available at its principal offices and on its website. The Local Planning Authority must also notify the Local Plan bodies (as set out in the Regulations) and any persons who have requested to be notified.

- KCC is required to provide a Sustainability Appraisal (SA) Report when it publishes a Plan which should be consistent with the Environmental Assessment of Plans and Programmes Regulations 2004. SA is a tool for appraising policies to ensure they reflect social, environmental, and economic factors. The SA report should identify the process by which the SA has been carried out, and the baseline information used to inform the process and the outcomes of that process. The SA and related Non-Technical Summary is available on the County Council’s website and consultation portal:\(^5\), and at the offices and libraries listed below.

- The Plans should be in general conformity with the adopted Kent Minerals and Waste Local Plan 2013-30 (KMWLP), which is the Spatial Development Strategy for minerals and waste development in Kent, along with adopted District and Borough Local Plans.

You should consider the following before making a representation on compliance with the Duty to Co-operate:

- Any plan submitted will be examined for compliance with the Duty to Cooperate. Local Planning Authorities are expected to provide evidence of how they have complied with any requirements arising from the Duty.

- The PCPA 2004 establishes that non-compliance with the Duty to Co-operate cannot be rectified after the submission of the Plan and so if the Duty has not been complied with, the Inspector has no choice but to recommend non- adoption of the Plan.

Soundness

Soundness is explained in paragraph 35 of the National Planning Policy Framework 2018 (NPPF). The Inspector must be satisfied that the Plans are ‘positively prepared’, ‘justified’, ‘effective’ and ‘consistent with national policy’ as explained below:

**Positively Prepared:** This means that the Plans should be prepared based on a strategy which, as a minimum, seeks to meet objectively assessed development and infrastructure requirements, and is informed by agreements with other authorities, such that unmet need from neighbouring areas is accommodated where it is practical to do so and is consistent with achieving sustainable development.

**Justified:** The Plans should be the most appropriate strategy when considered against reasonable alternatives, based on proportionate evidence.

**Effective:** The Plans should be deliverable over their period and based on effective joint working on cross-boundary strategic matters that have been dealt with rather than deferred, as evidenced by the statement of common ground.

**Consistent with national policy:** The Plans should enable the delivery of sustainable development in accordance with the policies in the NPPF.

If you think the content of a Plan is not sound because it does not include a policy where it should do, you should go through the following steps before making representations:

a. Is the issue with which you are concerned already covered specifically by national planning policy? If so, does it need to be included in this Plan.

b. Is what you are concerned with covered by any other policies in any other Plan including the adopted Kent Minerals and Waste Local Plan 2013-30?

c. If the policy is not covered elsewhere, in what way is the Plan unsound without the policy?

d. If the Plan is unsound without the policy, what should the policy say?

**General Advice**

If you wish to make a representation seeking a modification to the Plans you should make it clear in what way the Plan is not sound having regard to the legal compliance, Duty to Cooperate and the four soundness requirements set out above. You should try to support your representation with evidence showing why the Plan should be modified. It will be helpful if you also say precisely how you think the Plan should be modified. Representations should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further submissions based on the original representation made at publication. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Where there are groups who share a common view on how they wish to see a Plan modified, it would be very helpful for that group to send a single representation which

---

represents the view, rather than for a large number of individuals to send in separate representations which repeat the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.
Viewing the Plans and supporting information

The Plans and supporting information are available for inspection via the County Council’s website:
Copies are also available to view at the following locations:

Kent County Council Libraries

Broadstairs Library, Broadway, Broadstairs, CT10 2BS
Canterbury Library 18 High Street, Canterbury CT2 2RA
Dartford Library, Central Park, Market Street, Dartford DA1 1EU

Representations Deadline

Representations must be received by KCC by **midnight on Friday 8th March 2019. Late representations will not be accepted.**

You are strongly recommended to make representations by completing the online representations form at:

Representations can also be made by completing the representation form (electronic and hard copies are available) and submitting the form by:
- Email to: mwlp@kent.gov.uk, or
- Post to: Minerals and Waste Planning Policy, 1st Floor Invicta House, Maidstone, Kent, ME14 1XX

If you have any queries about the process of submitting representations, please contact the Minerals and Waste Policy team by email (mwlp@kent.gov.uk) or telephone (03000 422370).
