Kent County Council – January 2019

Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30

Kent Mineral Sites Plan

Statement of Representation Procedure and Availability of Documents

Town and Country Planning (Local Planning) (England) Regulations 2012, S.19 (b)

Publication of the Pre-Submission Drafts of the Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30 and Kent Mineral Sites Plan

The Pre-Submission Drafts of the Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30 and the Kent Mineral Sites Plan and have been published for a six week period to allow representations ahead of the submission of these documents to the Secretary of State in spring 2019. The purpose of the representations period is to allow local communities and other interested parties the opportunity to submit representations about whether these local plan documents are ‘sound’ (that is, it have been positively prepared, are justified, are effective, and are consistent with national policy), and legally compliant. Written representations received before the end of the six week period will be sent to the appointed Planning Inspector for consideration alongside the submitted Plans.

Document titles:

- Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30 – Pre-Submission Draft (December 2018)
- Kent Mineral Sites Plan – Pre-Submission Draft (December 2018)

Subject matter and area covered:

The Early Partial Review of the Kent Minerals and Waste Local Plan 2013-30 sets out modifications to policies contained in the adopted Kent Minerals and Waste Local Plan 2013-30 (the Plan). The Plan sets out the strategy for the sustainable management of Kent’s waste, the delivery of minerals where a need exists and is the primary element of the development plan against which planning applications and appeals for minerals and waste development in Kent will be determined. The modifications are to text and policies in the Plan concerned with the following matters:

- Waste management:
  - The strategy for provision of future waste management capacity
  - The identification of site allocations for waste management facilities
- The approach to safeguarding mineral resources and waste management and minerals supply infrastructure.

The Kent Mineral Sites Plan allocates three specific sites within Kent suitable in principle for mineral extraction in accordance with the Kent Minerals and Waste Local Plan.

The area covered by both documents is the administrative area of Kent County Council.

Representation period: From 9am on 11 January 2019 to midnight on 8 March 2019
Representations must be made in writing and submitted by post or electronically to:
